

Call for applications for WCEF2025 Accelerator Sessions

We are pleased to announce the call for applications for WCEF2025 Accelerator Sessions is now open! These sessions complement the offering of the World Circular Economy Forum 2025, bringing together people interested in the circular economy from various fields to share ideas, develop innovations and build solutions towards a more sustainable future.

The World Circular Economy Forum 2025 main event is held from Tuesday 13 to Wednesday 14 May in São Paulo, Brazil. **Accelerator sessions can be held on Thursday 15 and Friday 16 May.**

We invite all you, our valued WCEF collaborators, to participate in this inspiring opportunity. We are looking for an added value that these session proposals bring to the main event's two-day programme. We hope to see bold and innovative concepts with real-life examples that support the goals of the circular economy and inspire the audience. If you would like some inspiration, have a look at the [accelerator sessions from last year](#).

Here you can find [the application form](#) and [more information](#) about the guidelines to support your application. The **final submission date for applications is Thursday 16 January 2025**, but we hope that you will submit your applications as soon as possible. We will start reviewing the applications already during the application process.

If you have any questions about the application process or the accelerator sessions, please feel free to contact us directly – in English as.wcef@sitra.fi and in Portuguese juliana.rodrigues@FIESP.COM.BR.

Best regards,

Pia Heikkurinen
